Re: Medication Committee/Expression of Interest

Expression of Interest:

The *Okanagan Boys and Girls Clubs* is currently seeking interested community health professionals to volunteer their expertise in a consultation and advisement capacity on our newly established Medication Committee. This is a fantastic opportunity for interested professionals to get involved in the community and work with a licensed and nationally accredited non-profit agency to improve the quality of care for children and youth in the Okanagan.

About Us:

The Okanagan Boys and Girls Clubs is a leading provider of programs to children and youth that support the healthy physical, educational and social development for over 6,000 young people and families each year throughout the Okanagan valley. We help more than 1,200 children / youth participate with our services every day. Each center creates a safe, supportive environment where children and youth experience new opportunities, overcome barriers, build positive relationships and develop confidence and skills for life. Our programs focus on an individual's strengths and capabilities, and all programs embrace the principles of equality and inclusion. We help young people grow healthy, happy and safely from birth to adulthood, and are a resource and support for parents throughout their family's involvement with us. The Okanagan Boys and Girls Clubs have over 35 clubs or service locations located throughout the Okanagan Valley.

Scope:

The Committee will aim to meet for 1.5 hours on a bi-annual basis to discuss policy and procedure development, and best practices with regards to medication and the health of children and youth.

Contact:

Please feel free to contact Tashauna Knutson at tknutson@obgc.ca or 250-861-5593 with any questions or expression of interest.
